

# **GWB**

**GULF WORLDWIDE BEARINGS**

**MAKING IT HAPPEN**

## ABOUT US

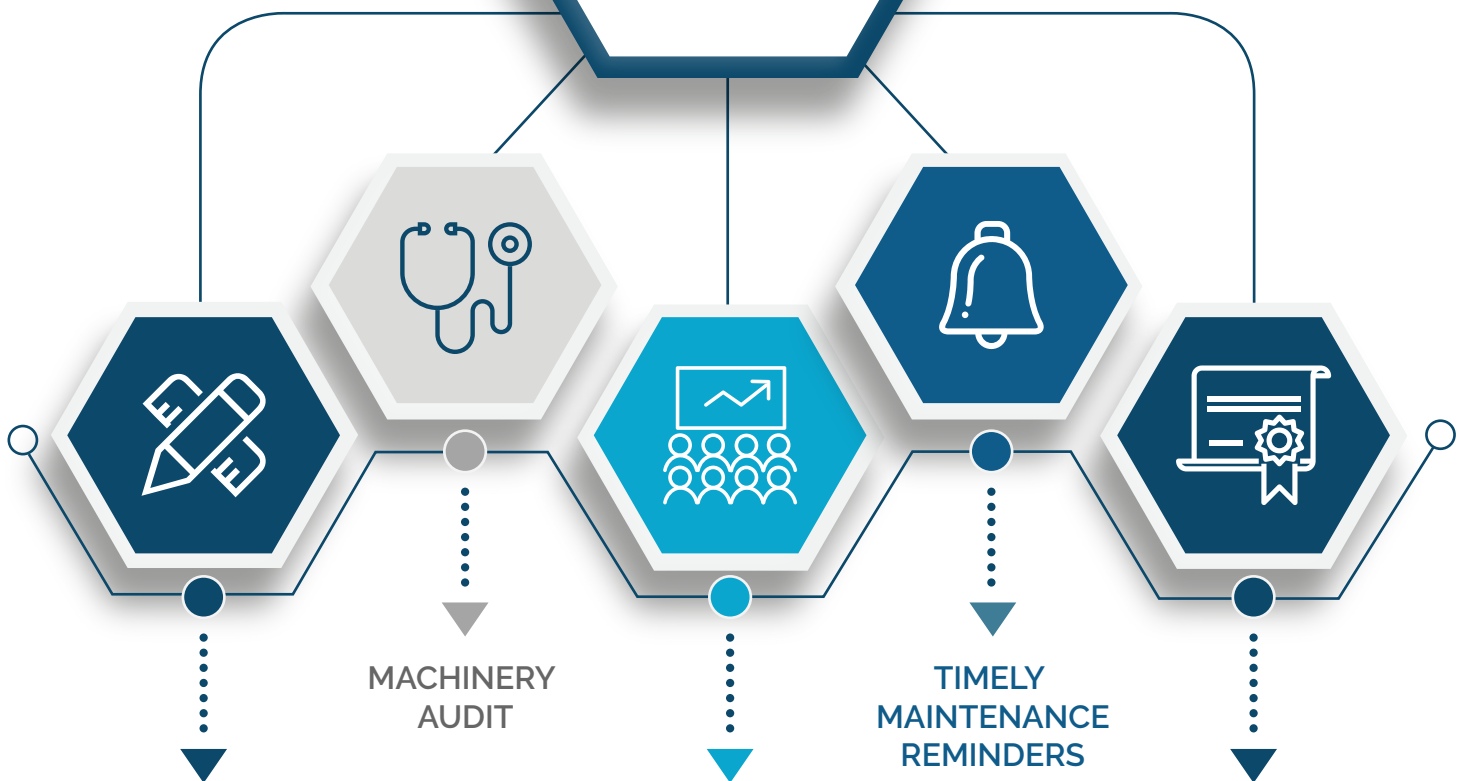

Gulf Worldwide Bearings FZE (GWB) is the leading distributor of Industrial and Automotive bearings in the Middle East. Given our experience of over 40 years in this industry, we have the expertise and knowledge to offer our customers the widest range of items covering a spectrum of industries.

Our distribution centers keep in ready stock the entire range of items so as to reduce the lead-time for our distributor network and to eliminate down-time for end-users and manufacturing facilities.

## GWB EXPERIENCE

### BEARING SOLUTIONS

#### **CUSTOMIZATION OF BEARINGS**

GWB works closely with OEMs and Distributors to understand the exact application and utilize this knowledge to develop bearings that are specifically suited for greater output and efficiency. Every year, GWB develops more than 50 customized bearing items.

#### **MACHINERY AUDIT**

Invite our specially trained Bearing Engineers to conduct a performance audit of the Machinery in your Factory. GWB engineers will check the productivity of the bearings under usage (running hours, load capacity, maintenance) and offer easy-to-implement solutions to improve production.

#### **TRAINING FOR WORKERS**

Knowledge sharing through Seminars and Training for OEM factory workers. Our aim is to make sure they have the right knowledge to handle expensive machinery with proper fitment and installation of bearings.

#### **TIMELY MAINTENANCE REMINDERS**

We monitor the effectiveness of our Bearings by keeping in touch with your maintenance department; providing reminders for greasing, lubricating and change of bearings with the aim of reducing machinery down-time and improving output levels.

#### **WARRANTY & GUARANTEE**

All our bearings are guaranteed for performance for a time-limit as per application, usually 12 months. We offer replacement of bearings in the rare event of a genuine breakage.

Gulf Worldwide Bearings FZE (GWB) product range includes:

## ▼ Automotive Bearings

- A/C Bearings
- Alternator Bearings
- Clutch Bearings
- Cross Joints
- One Direction Clutch
- Truck Bearings
- Wheel Bearing

## ▼ Industrial Bearings

- Ball Bearings
- Ball Bearings Units
- Cylindrical Roller Bearings
- Needle Roller Bearings
- Spherical Roller Bearings
- Tapered Roller Bearings
- Sleeves
- Linear Motion

## ▼ V-Belts

- Industrial V-Belts
- Automotive V-Belts

## ▼ Lubricants

- Grease
- Engine Oil

# INDUSTRIES WE SUPPORT

Steel | Agriculture | Mining | Thermal Power | Fan | Marble | Paper  
Cement | Stone Crusher | Automotive | Motor & Pump | Escalators

Our Warehouses are conveniently located in Jebel Ali Free Zone, which is the only Port in the World that offers both Sea and Air capability. This allows for unbelievable connectivity to our customers, and we are able to Pack and Ship products via LCL/FCL/Air-Freight and Road Transport within 24 hours of order receipt.

GWB keeps in ready stock more than 3000+ items; and we aim to increase the range by 250-300 items every year. Our logistics is one of the best in the industry; and we endeavor to consistently reduce the lead-time for improved convenience to OEMs and Distributors.

## ▼ **GWB FACILITY 1: JAFZA SOUTH Head Office**

JAFZA South -  
Size: 7000 sq. m  
Facilty with European  
Racking (Euro Pallets)

## ▼ **GWB FACILITY 2: JAFZA SOUTH**

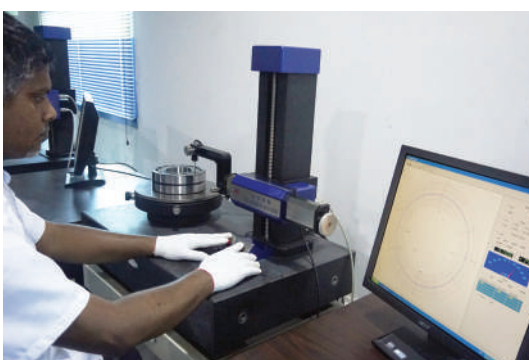

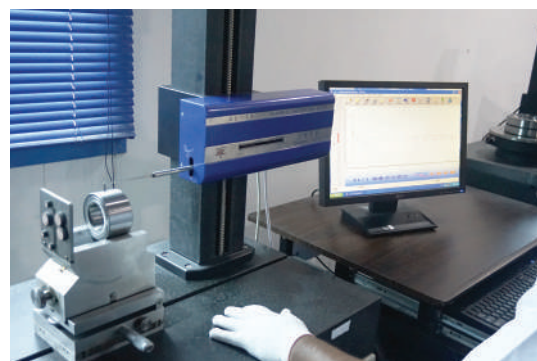

JAFZA South  
Size: 7000 sq. m  
Facilty with European  
Racking & A/C Storage

## INSPECTION & TESTING FACILITY

To ensure that all our products fall in line with strict quality standards; GWB has constructed its own in-house bearing **inspection and testing facility**.

All Incoming shipments are inspected for noise, vibration, hardness, tolerance, and clearance parameters. Our inspection and testing team also works tirelessly to develop new products for our clients, and we normally develop 250-300 new products every year to add to our ever expanding range.

We can Issue **Pre-Dispatch Inspection** and **Quality Certificate** for all bearings supplied. In-case of bearing failure, we can analyze the reason and provide corrective action to the OEM .

GWB has 4 leading bearings brands under its umbrella; it is the distributor of KYK (Japan), D-TEC (China/India), Kinex (Slovakia) and LYC (China).
